

## Offer Product plugin : INSTALLATION

### Step 1

Unzip the .zip file

### Step 2

Upload the **plugins** file on your server via your FTP client.

*If you already have a « plugins » folder on your server, drop only its content inside the plugins folder located on your server*

### Step 3

The **offer** folder contains a **img** folder and a **css** folder.

All images are in jpg format, and are located in the img folder (**plugins => offer => img**); you just have to replace the images with the ones of your choice with respect to size and name.

### Step 4

Open the **propriete de la page.html** file with a code editor such as NotePad or TextWrangler and copy/paste it in the settings of the page on which you want to display the pricing table.

### Step 5

Open the **code element html.html** file with a code editor such as NotePad or TextWrangler and copy/paste it in an HTML element that you will place where you want in the page.

For each product you want to display, you need to add a new HTML element to a product, you can simply delete or duplicate an HTML element to customize the products displayed on the page. This is what you can change within the code placed in the HTML element:

<pre>&lt;center&gt; &lt;figure class="snip1171 blue"&gt; &lt;img src="plugins/offer/img/1.jpg" alt="img1"/&gt; &lt;div class="price"&gt;5.00 €&lt;/div&gt; &lt;figcaption&gt; &lt;h3&gt;Mug Tonton du Web&lt;/h3&gt; &lt;h2&gt;Mug en ceramique 300 ml&lt;/h2&gt; &lt;p&gt; Curabitur sit amet etiam ac massa set fusce accusan duis tristique bibendum vehicula fringilla. &lt;/p&gt; &lt;a href="url de la page produit" target=""&gt;Voir le produit&lt;/a&gt; &lt;/figcaption&gt; &lt;/figure&gt; &lt;/center&gt;</pre>	<p>Image file name</p> <p>Price</p> <p>Title</p> <p>Subtitle</p> <p>Description</p> <p>Page URL when click on "Nous contacter" button</p> <p>Button text</p>
---	--

## Step 6

To customize even more the plugin, open **style.css** file (plugins => offer => css).
